Alexandria, VA 22313-1450

Sir:

Petitioner, **Rambus, Inc.**, the assignee of the entire 100% right, title and interest in and to the above identified application by virtue of an assignment which was recorded on **February 7, 2002** at reel **012554** frames **0764-0766**.

Petitioner hereby disclaims the terminal part of any patent granted on the above identified application which would extend beyond the expiration date of U.S. Patent No. 6,449,159 which issued on September 10, 2002, and hereby agrees that any patent so granted on the above identified application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to U.S. Patent No. 6,449,159.

Petitioner further agrees that this agreement is to run with any patent granted on the above identified application and is to be binding upon the grantee, its successors, and assigns.

Petitioner does not disclaim any terminal part of any patent granted on the above-identified application prior to the expiration date of the full statutory term of U.S. Patent No. 6,449,159 in the event that said patent later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. 1.321(a), has all claims canceled by a reexamination certificate, or is otherwise terminated prior to the expiration of its full statutory term, except for the separation of legal title stated above.

Petitioner hereby confirms that he has reviewed the assignment and, to the best of his knowledge and belief, title is in the assignee seeking to take action in this matter and that he is empowered to act on behalf of **Rambus, Inc.**

The undersigned is empowered to act on behalf of and as a representative of **Rambus, Inc.**
The undersigned is the attorney of record representing the assignee of the applicant and has no other
interest or business interest in the assignee, **Rambus, Inc.**

I hereby declare that all statements made herein of my own knowledge are true and that all
statements made on information and belief are believed to be true; and further that these statements
were made with the knowledge that willful false statements and the like so made are punishable by
fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such
willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Signed this 19th day of May, 2004.
